Meet James. Seven years old, he has escaped to a fantasy world where he is being raised by wolves. Every day is a new adventure until, frightened they are on the verge of becoming extinct, James and the wolves concoct a plan to save themselves. ***Extinction Song*** is a funny, tender and heartbreaking account of a child's way of coping with the troubled world around him.

The world premiere of this play by local director and playwright, **Ron Jenkins**, ***Extinction Song*** features a tour de force performance by Edmonton actor **Ron Pederson**. It promises to take you on a roller coaster ride of emotions that will leave you with as many questions as answers.

"When you develop a new work you never know how it will go. When you present a staged reading of a new work in progress and it totally captivates the viewers, you know you have a hit. This is a hit." Bob Baker
